

2007 Air Shows

2007 Tinker AFB Air Show

The Tinker AFB Star Spangled Salute for 2007 was again, one of the best air shows in the USA. Not only do you get to see an outstanding air show, but each year Tinker presents an evening concert followed by a fireworks show. This year the crowd was treated to fly-bys & speed passes by the F-4 Phantom, the F-15 Eagle, the F-16 Falcon, the B-2 Spirit, the F-117A plus the Tora! Tora! Tora! Aircraft recreated the Pearl Harbor attack with plenty of explosions to thrill the crowd. The Air Force Reserve jet car hit 350.6 MPH. Of course, the main event was the Blue Angels who, once again thrilled the crowd. We covered both days however a thunderstorm prevented the Blue Angels from flying on Sunday so we added in some of the nighttime shows & fireworks.

Running time: 1hr. 48 Min. | \$29.95 + \$4.50 S/H.

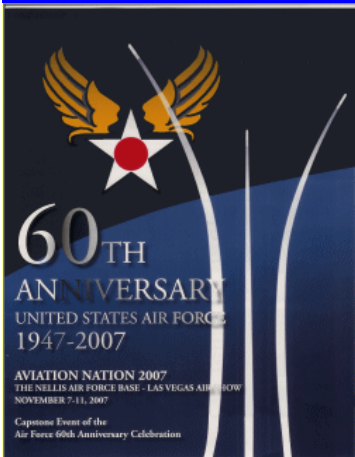

2007 Barksdale Air Show

The 73rd Annual Barksdale AFB Air Show was held on April 21st & 22nd, 2007. Our video covers both days & each day was shot from a different location. . The Louisiana Ski Divers Team led off both days & brought the Flag down to open the show. Fly-Bys of the A-10 was followed by the B-52 & the "Wall of Fire". Aerobatics were flown by Wyche Coleman, Bill Stein, the Air Force Reserve's Ed Hamill & Gene Soucy with wing walker Teresa Stokes. Other fly bys included the P-47, P-51, C-47, B-25, the B-2 Stealth Bomber, the F-4F Phantom, the Mig-17 (the first aircraft to have an afterburner), the Tora 101, & the huge C-17 Globemaster III. The Shockwave jet truck made several speed runs & the main event was the USAF's Thunderbirds & for the first time ever, the team features two women pilots. A great show to see. Don't miss seeing this DVD.

Run Time: 1 hrs. 46 min | \$29.95 Free S&H

2006 Air Shows

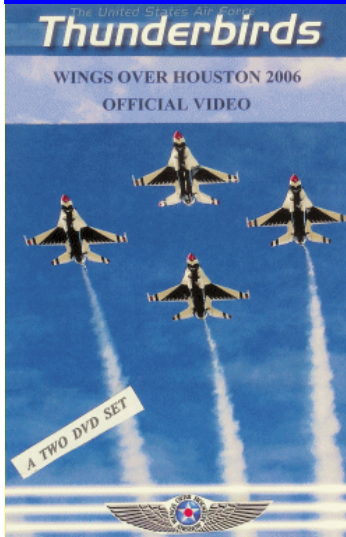

2006 AVIATION NATION AIR SHOW at NELLIS AFB

The 2006 Aviation Nation air show at Nellis AFB is always one of the better Air Shows to see. This year was no exception. The crowd was treated to some of the best flying events ever. As an example, the Tilt Rotor Osprey flew and a special pass by the unmanned spy plane, the Predator. The new F-22 Raptor showed off with spectacular climb outs as well as flight demos by the Belgian F - 16 with wing tip smoke pods. The USAF's F -15 & F -16 flew along with the FIA-18 Super Hornet. The Red Bull Mig-17 showed off with afterburner passes, and several low passes with bombing runs by WW II aircraft. Other aircraft included the F-86 chasing a Mig 15, AD-1 Skyraider, the P-38, B-25, F-6F, F-8F, F-117A, P-51, the English Farley Firefly, Spitfire, Sea Fury, and the F-4U Corsair. Lots of great flying and of course for the grand finale were the Thunderbirds closing out their 2006 Air Show season. Order your's today!

Run Time: 2 hrs. 3 min | \$30.00 + \$3.50 S&H

2006 WINGS OVER HOUSTON

As they say in Texas, "If you don't like the weather just wait a couple of minutes and it will change". The show on Saturday was put on hold until about noon when the rain stopped and the sky became CAVU (pilots talk for Ceiling And Visibility Unlimited). With clear skies in the afternoon the Tora! Tora! Tora! Act really gave the crowd a thrill with lots of bomb blasts as well as other WWII battles. Lots of closeup shots of the B-17, B-25, A-26, F4U Corsair, F-6F Hellcat, F-F8 Bearcat, TBM Avenger, the P-51, P-47 and all training aircraft used in WWII. Special Flight demos by the C-17 Globemaster III (got lost in the clouds on Saturday), F-4 Phantom, F/A-18 Hornet and the F-15 Eagle thrilled the crowd. Lots of high speed low level passes by the Houston National Guard in their F-16's got everyone's attention Sunday morning.

Civilian acts included Paul Fiala, Sean D. Tucker, Debbie Rihn Harvey, David Martin, Wyche Coleman and Gene Soucey. The Air Force Reserve's Jet Car hit 376.5 MPH (Almost reaching the I-45 average speed). Of course everyone came to see the United States Air Force

Demonstration Team, The Thunder Birds. With a low cloud cover on Saturday they flew their low show but with a high cloud cover on Sunday the huge crowd was treated to their "Unlimited" full show.

Because this was such a great show for air show fans to see we have put this on two DVD's for your enjoyment. What couldn't fly on Saturday flew on Sunday, even the flying lawn mower. Enjoy the show!

Run Time: 3 hrs. 45 min | \$29.95 + \$3.50 s&H

2006 NAS OCEANA AIR SHOW ~ Sept. 8, 9 & 10, 2006

TWO DVD SET

There was so much flying at the 2006 Oceana Air Show that we ended up with a two set DVD for your entertainment. The set includes the Day Show, the Night Show with "Fat Albert" the C-130 making a spectacular night JATO, A F/A-18 Super Hornet with afterburner pass, The Shock Wave Jet Truck, fireworks & the Special Saturday Night Mini show on the Beach with the F-14 special afterburner climb out & Night Jumpers. The Day show includes a 14 aircraft Fleet fly by & a special last time fly-by of the only remaining four F-14's still in service. With perfect weather the Blue Angels were able to perform their complete high altitude show. Total Running time is 3 hrs. 45 min. \$30.00 plus \$3.50 S/H.

SPECIAL OFFER

Save \$10 if you order the newly released F14 Tomcat Flight Demos with the Oceana DVD. A 50 minute DVD of the F -14 Air Show Demos as flown at 5 different Air Shows normally \$29.95. Order both as a combo set for \$50.00 plus \$3.50 S/H.

Run Time: 3 hrs. 45 min | \$30 +\$3.50 S&H

2006 DAYTON AIR SHOW ~ JULY 29 & 30,

Dayton Ohio, the birthplace of Aviation, once again presented an outstanding air show. One of the newer air show acts to appear is a group of 4 Cobra Helicopters, calling themselves "The Sky Soldiers". They want to preserve the history of this helicopter in Viet Nam & showed the crowd a neat flying performance. We were also able to go up in a Huey & you will see this footage following the main program. A group of 4 F-16's from the Ohio National Guard opened the show with several fly-bys followed by a fly-by of a 1913 Wright Airplane. The Misty Blues, an all female ski diver team open the show with the flag drop. The Tora! Tora! Tora! Pearl Harbor Attack act presented once again a superior re-enactment with numerous ground explosions that kept everybody with video cameras on their toes. An un-announced "Wall of Fire" was set off at the end of their

performance on Sunday that caught everybody by surprise, even the announcer, but by pure luck we had our camera rolling & got the huge blast on video for you to see. Other acts included the Jet Car that hit 400 MPH, Matt Chapman in his CAP 580 (he lost out in his race against the jet car), The F-16 Fighting Falcon presented a great flight demo each day, and on Friday the water vapor coming off the wings was very exciting to see. The AV-8 Harrier flew & always proves to be a main attraction. The main event was the Blue Angels. The weather broke for the Sunday show so the Blues were able to present their full unlimited performance. Chalk up another great show for the Vectron Dayton Air Show.

Run time: 105 min. | \$30 + \$3.50 S&H

NEW YORK AIR SHOW AT JONES BEACH 2006

We had a great weekend at the New York Air Show at Jones Beach. We took our cameras to the Thursday show when the weather was cloudy and cold with just a few people on the beach. You can compare this with the crowd on Saturday and the super large crowd that came out for the Sunday show in perfect air show weather. Pilot's call that CAVU (Ceiling And Visibility Unlimited). Sunday's show was shot from in front of the Life Guard tower and from the water's edge. You will see parts of each day (Friday was fogged in), but what a show on Sunday! Our thanks to the Jones beach Air Show Staff for their kindness and helping hand. Appearing: David Windmiller, US Army Golden Knights, Warbirds fly by's with the B-17G, TBM, P-40, P-51, F-4U Corsair and the T-6. Flight Demos by the A-10, T-6 II, F-15, and the F-16. GIECO Sky Typers, Bill Reesman in the Red Bull Mig-17 with afterburner demo (Vietnam era), Ed Hamill in his AFR Dream Machine, Mike Mancuso/Klein Tools

Extra 300 and the highlight of the show, The Blue Angels with Fat Albert, the C-130 Blue Angels support aircraft.

Run Time: 102 Min. | \$30 + \$3.50 S&H

NAS KINGSVILLE - WINGS OVER SOUTH TEXAS AIR SHOW 2006

Beautiful but windy skies prevailed for the 2006 NAS Kingsville Wings Over South Texas Air Show. This video, available in VHS or DVD covers both Saturday and Sunday's show. The show opened with a flag drop by the South Padre Island Jumpers from a restored C-47. This was followed by fly-by's of the T-45 Goshawk, T-44 Pegasus, TC-12 Huron and the T34 Mentor. Next up was the F-15 Eagle. His flight demo was just awesome. Other performers included Tim Weber in the Geico 300, Jan Colmer in the Extra 300, Paul Fiala in his Great Lakes Bi-Plane, a re-enactment of the Tora! Tora! Tora! bombing of Pearl Harbor, a special Mig-17 demo by Randy Ball and on Sunday, for the first time, the crowd was treated to seeing two M-17's in formation. Hubie Tolson gave a great demo in a Russian Sukhoi SU-26. But the crowd came to see the Blue Angels fly and with clear skies the Blues were able to fly their Unlimited Show in their FA/18

Hornets. On Sunday the Cessna 337 Skymaster gave a great flight demo. This aircraft is called the push-pull aircraft because it has one engine on the front pulling and one in the rear pushing. This aircraft was used in Vietnam and provided key strikes for our ground troops. This video presents the best of both days.

Run Time: 115 Min. | \$30 + \$3.50 S&H

NAS JRB FORT WORTH "TEXAS THUNDER" AIR SHOW

"Thunder Over Texas" The 2006 NAS Fort Worth Airshow featuring the Blue Angels, was flown in perfect airshow weather. Always a great show to see. We were invited to go up in the Army's F-27 and video the Golden Knights Flag Drop. The video taken from inside this aircraft shows the jumper falling away and opening the chute. A great view to see it from. This years show featured an air strike by two Squadrons of F/A-18's who blew up the west side of the field with a huge "Wall of Fire". A C-130 demonstrated in-flight refueling of two F/A-18's while another C-130 dropped paratroopers to secure the field.

Other acts included Les Shockley's new and more powerful Super Shockwave Jet Truck, Jan Colmer, Sean Tucker, and Bob Cariton in a jet powered sailplane, the Accu-Check Laser 230 Flight for Diabetes and of course, The Blue Angels with a plane side interview with Blue Angels #6, Lt. Cmdr. John Allisson from Corpus Christi Texas.

Run Time: 105 Min. | \$30 +\$3.50 S&H

2005 Air Shows

NAS PENSACOLA 2005 BLUE ANGELS SPECIAL

Chalk up another great show for the season ending Blue Angel 2005 Homecoming Air Show at NAS Pensacola. We've got a special 2 DVD set (or VHS) that will keep you glued to your TV set. For starters, the Navy held a night air show that included Fat Albert making a night JATO take off, plus some fancy night flying with aircraft out-fitted with roman candles & leaving a trail of fire behind them. A night bombing raid by stealth bombers blew up the ramp area with spectacular explosions. This was followed by a fireworks show to close out the night show. The next day was your ideal day for an airshow. We had a case of severe clear & calm wind. Flights demos were performed by the F/A Super Hornet, the A-10 with bombing runs, and a rare showing of the newest fighter in the USAF - a pair of F-22 Raptors flew by in afterburner. WOW! [The Red Barons](#), the [FireBirds](#), [Jan Collmer](#), [Otto - The Helicopter](#) and a special demo by a beautiful F-86 wowed the crowd, but of course the main attraction were the [Blue Angels](#) who performed their Unlimited Show for the crowd. Last, but not least as they say, we will treat you to our ride in an open cockpit airplane - a PT-17 Stearmen. You just gotta order this DVD. 3 hrs of exciting flying on 2 DVD's.

3 hours of flying on 2 DVD's  [Email](#) or [Mail in Form](#) \$34.95

THE LITTLE ROCK AFB AIR SHOW - 2005

Celebrating it's 50th Anniversary, this was one of the best ever! Little Rock AFB is home of the new C-130 and the base showed off the new C-130 - J Model with an excellent flight demo. Other C-130'S flew by giving the huge crowd of over 100,000 a chance to see first hand a mass equipment drop including a heavy equipment special drop. The program was highlighted by a mass drop of 321 Paratroopers. Other flight demos were by the C-17, B-1, B-2, THE F-117A, and a mock Air Raid with bomb runs by WW II aircraft including the "Wall Of Fire". The Red Barons flew along with the Shell Aero Team with T-6's. To close out the show another great performance by the USAF's Thunder Birds thrilled the crowd.

Run Time: 110 Minutes  [Email](#) or [Mail in Form](#) \$29.95

THE 2005 NAS FORT WORTH, JRB, CARSWELL FIELD AIR SHOW

The Blue Angels, making just their 2nd show of the 2005 season was the main attraction. Over 150,000 airshow fans turned out to see the three day show, and under a very strong wind pilots had to fly their very best & they did! Other demos featured the F-16 with smoke, & the F-16 demo team from Shaw AFB. The Air Force Jet Car hit 350 MPH & the bombing runs set the grass on fire during Friday's show, but the fire guys put it out.

Run Time: 72 Minutes  [Email](#) or [Mail in Form](#) \$29.95

2004 Air Shows

NELLIS AFB "AVIATION NATION"

See the F -22 Raptor take off & climb to out of sight. Reno Air Racers, the F/A-18 Super Hornet, F-15E Eagle, A-10, F-117A, F-14, Red Barons, Golden Knights & a special tribute to the 60th

anniversary of our D-Day veterans. The Thunderbirds perform their final show for 2004.

I LOVE AIRPLANE NOISE - VOL 1 THE JETS

Air Show fans attending air shows do so for two basic reasons. First, of course, they want to see the airplanes fly and second, they want to hear the sounds of those big powerful jet engines.

What we have here is a collection of over 15 years of recording jets at air shows, and have edited the best passes for your enjoyment. This is the best ear splitting, nose bleeding, gut wrenching, eye twitching, knee knocking, jaw breaking, butt kicking sound you're ever going to hear.

Featuring: The F-14 Tomcat, the F-22 Raptor, the F15, F-16 (with smoke), the F/A-18 Super Hornet, the B-1B, The Vulcan Bomber, the SR-71 Blackbird, the F-104 Starfighter, the A-10 Warthog and the F-4 Phantom. **Buy Volumes 1 & 2 together for \$50+\$3.50 S&H**

I LOVE AIRPLANE NOISE - VOL 2 THE WARBIRDS

There's music in the air, but this kind of music is what lovers of those big prop warbirds love to hear, The sweet sound of a P-51 Mustang at full throttle doing 350 mph, 50 feet above the runway or the chug, chug sound of the 2800 Pratt and Whitney engine on a b_29. Warbirds, as we now call our WWII aircraft, are slowly fading away. Some are no longer flying due to crashes or lack of spare parts.

Fortunately we have been able to video tape many war bird air shows and now we present in this video a great collection of war birds, some of which are no longer flying, such as the P-82, the Twin Mustang, and the B-26. Also included are the B-24, B-25, B-29, B17E, B-17G, A-20, A-26, the English Shackleton, the P-38, P-39, P-40, P-63, P-47, P-51, F-4U Corsair, TBM Avenger, Wildcat, Hellcat and Bearcat, PBY, Dauntless Dive Bomber, Hell Diver, T-6, Spitfire, C-46 and C-47 Gooney Bird. Enjoy the

Sounds!**Buy Volumes 1 & 2 together for \$50+\$3.50 S&H**
